REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record, which is the most pertinent art found, fails to teach and/or fairly suggest the instant invention. Applicant has shown by comparative data in the specification that when one or more limitations of the claimed process are not satisfied spherical silica-titania-based fine particles surface-treated with silane having the properties recited in Claim 1 are not obtained.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
